Dear San Diego Chapter of CLSA,

I am writing to thank you very much for the Dana Seguin Memorial Scholarship of \$1000 I was awarded at the 51<sup>st</sup> Annual CSUF Geomatics Engineering Conference in Fresno. I greatly appreciate your encouragement and financial support in my pursuit towards my degree. This will lift some of the burden off of my shoulders and allow me to continue focusing on my studies.

I spent my childhood in East County San Diego, in the little town of Lakeside. However, I moved to Sonoma County and am a graduate of Healdsburg High School. I am presently a junior in the Geomatics Engineering Program and I expect to graduate in spring 2012. After graduation I plan to have passed the LSIT, work for either the government or a private company in Southern California, and continue to carry the torch of giving back to future students and the program.

Thank you again for the honor of receiving this award, and hope to see you at the CLSA Conference in Reno.

Sincerely,

Cathleen Schmersal
