Dear CLSA Education Foundation,

Thank you for the generous scholarship I received from you at the 49th Annual Fresno State Geomatics Engineering Conference. I was very appreciative to learn that I was selected as the recipient of the Curtis M. Brown Memorial Scholarship. I was honored and privileged to receive this award as a part of Curtis M. Brown's legacy. The financial assistance you provided will be of great help to me in paying my educational expenses and allow me to concentrate more of my time on studying.

I also want to thank you for your generous donations over the years to myself and my fellow students. These scholarships mean a great deal, and they are extremely helpful in letting us pursue our degree in the field we love. You have been a huge support to this program and without your help, we would not be where we are today.

Thank you again for your support and generosity.

Sincerely,

Eric Albanese
