

GENERAL MEETING – February 21, 2001

This meeting, held at Troy's Greek Cuisine, featured as guest speaker, Lee Hennes – City Surveyor of the City of San Diego. Lee did an excellent in explaining the "Model Law for Surveying" and its potential influence on California surveyors. Lee also entertained questions regarding the latest goings on at the City of San Diego as related to land development and project processing.

Speaking of entertainment: Lee's outstanding presentation was especially impressive given that the "act" preceding his was that of a Belly Dancer. Information on this opening act is limited to the Chapter "grapevine" (aka: Allan Wake?).

Business discussion was limited to a few brief reports. The evening concluded with a request by Mike Pallamary for our support of his campaign for the City Council seat recently vacated by the resignation of Valerie Stallings. For more on this important topic, please see page 4.

EXECUTIVE BOARD MEETING – March 7-9, 2001

This board meeting was vial email

Vice President's Report

The next meeting will be March 28, 2001 at Gordon Biersh in Mission Valley. Allan noted in his email report: "Due to the controversy of last month's program, we need to rethink someone's suggestion about holding an upcoming meeting at Cheetahs - sorry Paul. I truly apologize if anyone found the belly dancer offensive and promise to behave in the future".

Treasurer's Report

We have 134 members, including Lou Hall and Jack Sowers who are lifetime members.

The General fund has \$4317.78. Minus what Al Wake owes for the dinner and floor show at the February meeting. We did receive \$467 travel reimbursement from State CLSA for Chapter Rep travel last year. I have not received any requests for reimbursement from the Chapter Reps other than Jack Roth for travel at the January board meeting.

The Education fund has \$3225.65. I do owe Paul Nasland a check for dinner gift certificates for the LS review instructors. Paul let me know who to make the check out to and I can get it to you tomorrow.

Welcome to new member Gary Lightrider with Martin & Martin who signed up on the web site

and at the February meeting.

Jason Vestal, the winner of our CSU Fresno \$750 scholarship this year sent a thank-you note, the text is as follows:

"TO: The San Diego chapter of the CLSA

I would like to say thank you to everybody in the San Diego chapter of CLSA. It is a great feeling knowing that a professional organization from my hometown really cares about my education. This money will really help me out with tuition and living expenses. I look forward to coming home this summer to work in the field of surveying.

*Thank you,
Jason Vestal"*

Jason won our scholarship last year also and has worked in San Diego for Nasland Engineering.

Education Committee (Chair: Paul Nasland)

Paul reported that the LS Review is going full steam. We have 20 people paid as of right now with 1 or 2 added each week. Please see this years schedule on page 3. It has been requested that we provide at cost the LS Act and Sub Act for 2001 as we have done in the past.

Paul will be handling the purchase of Buck Knives to be donated as door prizes at the CLSA Conference.

New Business

A motion with regards to providing an email notice to all members announcing precinct walks in support of Mike Pallamary's City Council election campaign was discussed. Another motion concerned the Chapter providing a cash donation to support the CSUF students that will be working the CLSA Conference. Final tallies on both motions were not available as to as of the compilation date of this newsletter.
