

SURVEY NOTES

Volume 10 Issue 4

April 2004

CALIFORNIA LAND SURVEYORS ASSOCIATION, SAN DIEGO CHAPTER
P.O. BOX 80697, MAIL BOX 261, SAN DIEGO, CALIFORNIA 92138
sd-surveyors.org

Chapter Meeting **Wednesday, 21 APR**

Guest Speaker:
Lou Goebel, ESQ
Attorney for the Horton Heirs

The Horton Heirs case

Father Horton didn't have a surveyor's license, but he was a smart cookie and a successful subdivider.

Location

Tom Ham's Lighthouse

Harbor View Room

2150 Harbor Island Drive
San Diego, CA 619-291-9110
6 p.m. Social/Networking
6:30 p.m. Dinner
7:30 p.m. Program

Leave your name with Lisa Mejia. Email is preferred: lmejia@hunsakersd.com
Or: 858 558-4500 - No later than noon Monday, 19 APR
We need 40 attendees please

Those who do not make a reservation cannot be guaranteed a meal. If you make a reservation, you are obligated to pay for the dinner. Those who call in late, in accordance with the tradition established by Steve, will willingly donate a bottle of wine or similar prize to the raffle.

Dinner Buffet- \$24

*Roast breast of turkey and Seafood Newburg and Pasta Primavera
with
Salad bar, rice and veggie, coffee, tea milk or soft drink and dessert table.*
Price includes tax & tip

GENERAL MEETING – March 17, 2004

The January Meeting was held at the 94th Aero Squadron in Kearney Mesa. The meeting opened with a moment of silence in honor of Robert Van Houten. After dinner, Anne Hoppe introduced the guest speaker, Alan Perry, Esq.

Alan provided a detailed history of San Diego's Pueblo Lands. He was enthusiastic to finally join the local Surveyors on this topic, as his father had an Engineering and Surveying background. He showed several copies of old Spanish Maps of San Diego that he had hand copied himself. Allan has a vast knowledge of the subject and could have gone on all night as it was well organized and fascinating history. Every slide that he showed had a good story to go with it and he barely scratched the surface. Hopefully, Alan can join us again for more continuations of his research on this.

Presidents Report

-Dave introduced a couple of first time CLSA visitors.
-April 4-7 is the CLSA/NALS Conference in Las Vegas, NV.
-Anyone interested in donating old survey equipment and memorabilia for the scholarship auction for the Education Foundation please contact Mike Butcher or Steve Martin. Several items have already been collected.
-Armand Marois has been busy with the Trig-Star Program and is testing at Rancho Buena Vista High School in April. Kevin McCue has sponsored the program at Vista High School and there were two winners that were awarded scholarships.

Vice Presidents Report

-The next chapter meeting will be at Tom Ham's Lighthouse on Harbour Island.

Treasurer's Report

-No Report

Secretary's Report

-No Report

Education Committee

-Mike Hart announced that the review classes are still being attended with much interest as well as providing new ideas for upcoming events.

Membership Committee

-Jas announced 131 members paid through 2004. Jas is also soliciting photo ideas for the cover of the next Roster. Photos can be emailed to Jas.

JPPC Report

-No Report

Chapter Representatives

-No Report

Legislative Committee

-No Report

New Business

-Next meeting will be March 17.

Meeting adjourned

Submitted by,
Andrew G. Karydes, PLS
Secretary 2004

EXECUTIVE BOARD MEETING

March 31, 2004

ATTENDING: Dave Ambler, Don Woolley, Andy Karydes, Steve Martin, Alan Wake, D.K. Nasland, Tony Nothdurft, Gary Hus, Lonnie Cyr and Mike Hart

Presidents Report

-Dave Ambler opened the meeting at Nasland Engineering's conference room.
-Contact Armond with any donations for the upcoming CLSA/NALS meeting this week.

Vice Presidents Report

-Anne announced (via email) the May meeting will have Lou Goebel, Esq. speaking. Lou was the San Diego attorney who represented the property owners, Horton heirs, for the downtown lawsuits. The meeting will be held at Tom Ham's Lighthouse, Harbor Island.
-The June meeting may be a "Beach Party".
-Rita Lumas will speak at the July meeting.
-September's meeting will have Diana Lindsey speaking on the many "original" surveys in the desert and the national border.
-The next Joint Meeting with Orange County will be October and held in San Diego. Location ideas are being researched.

Treasurer's Report

-Don reported there is \$6518 in the General Fund and \$2261 in the Education Fund. There are currently 146 paid members.

Secretary's Report

-A Memorandum from the State CLSA Office was received encouraging the Local Chapters to contact new members to participate at the local level.

Education Committee

-Mike Hart reported that final scheduled class will be held in April and that one or two more classes are possible.
-Mike will contact Dennis Moulard to possibly conduct a workshop on various subjects in San Diego this summer.

Membership Committee

-No Report.

JPPC Report

-DK reported that there was 1 "new" case reported.

Chapter Representatives

-The next meeting is in Ontario, April 24th.

Legislative Committee

-No Report.

Newsletter Committee

-Information regarding Record of Surveys fees and Monumentation Checks.

Old Business

-The Vulcan Mountain CORS Site is still being considered.

New Business

-2004 LS/LSIT Exam Is April 16-17.

Meeting adjourned

Submitted by,

Andrew G. Karydes, PLS

Secretary 2004

Education/Seminars/Workshops

Lotted Sections Workshop – with Dennis Moulard. In San Diego April 30, 2004. Go to www.cadcon.com/reg or call 800-666-1320.

Subdivision Map Act Seminar – UCLA Extension in Los Angeles, April 16. For more info contact Yumi Hori or Jenny Rodriguez (310) 825-7885 or uclaextension.edu at "quick enroll" and Reg# Q5003L or Reg# Q5004L.

GIS Summer School – Earn a GIS certificate. July 6 – Sept. 3. For more info see www.UCREExtension.net/gis.

U.C. Riverside & Santiago College GIS/GPS Surveying programs - see www.UCREExtension.net/geo and www.sac.edu/degrees/geography_information_degree.htm

CLSA San Diego Survey Student Stipends:

The Stipend program's goals are to: provide funding for local students working towards a degree in a surveying related field at a Junior College in San Diego County. They will receive \$100 for an A, \$75 for a B, \$50 for a C. It will be limited to one survey class per student per semester.

Applicants need to mail in a copy of their grade (of a surveying class) and address to: CLSA San Diego, P.O. BOX 80697, MAIL BOX 261, SAN DIEGO, CALIFORNIA 92138

CLSA Education Foundation

- see attached PDF file. For those not on the Email distro contact the Central Office: P.O. Box 9098 · Santa Rosa · California 95405 Telephone 707/578-6016 for Foundation scholarship information and applications.

NOTICES

Governor Declares Land Surveyors Week

see enclosed document and PDF file for a copy of this historical Proclamation.

A Salute to Land Surveyors in San Diego County

An article by Tom Mastin in the State CLSA Winter 2004 news mentions the effort of San Diego Surveyors in providing assistance after the recent County wide fires, noting that "we as a land surveying profession, should do more to assist others that have not been as lucky as us. We don't grow food, so it is not easy for us to feed others. We are not carpenters, so it is not easy for us to provide shelter. There are things we can do, such as what some of the land surveyors in the San Diego Chapter are doing. Many of those devastated by the October 2003 fires were underinsured. Local surveyors have volunteered their time to re-establish property lines of some of those owners. The local Chapter is helping coordinate this work with the County of San Diego. These surveyors should be held as an example of what we as a profession should be doing. I salute all those involved in this effort."

CHANGES TO THE COUNTY CODE RELATING TO LAND DEVELOPMENT FEES AND DEPOSITS AND SUBDIVISION MONUMENTATION

On December 3, 2003, the County Code changed, to provide full cost recovery for services relating to development projects and permit processing. Two such changes that affect Land Surveyors are "Subdivision Monument Inspection" and the "Records of Survey Fees."

Subdivision Monument Inspection:

Current practice was for the County Surveyor to inspect all subdivision monuments upon completion of improvement installation. This would typically pose a problem for the County since as-built conditions of many subdivisions often made it extremely difficult for County personnel to locate monuments. This process would inevitably cost the developer a considerable amount of money to complete. California law requires the engineer or surveyor retained by the developer, not the County, to verify that monuments have been set.

Effective February 8, 2004, the County Surveyor will only be required to inspect subdivision monuments placed along and within public rights-of-way; however, the surveyor will have the option for requesting the County Surveyor to inspect all the monuments, based on a full cost recovery schedule.

Record of Survey Fee:

The current process of charging a flat rate regardless of the size of a record of survey map was always seen as an inequitable method. The fees have been the same whether for a one-sheet map or a 50-sheet map. The one and two sheet maps are typically prepared for the mom and pop surveys and the larger maps for utilities and municipalities.

Effective July 1, 2004, the new ROS fee, for initial submittal, will change to \$400 for the first sheet and \$50 for each additional sheet. To put this in perspective of where the volume of work is, the County Surveyor records approximately 400 Records of Survey annually. Of that, approximately 330 are one page maps and another 25 are two page maps.

- A complete schedule of revised fees are on the following County website. The column second from the right became operational February 8, 2004 and the last column on the right will be operational July 1, 2004.

<http://www.sdcounty.ca.gov/dpw/land/deposits.htm>.

January 31, 2004 CLSA Board of Directors meeting. – see attached PDF file for a full report on the meeting or contact CLSA for a copy.

Stolen Topcon Robotic Total Station

On Tuesday March 23rd at 11:40 A.M. our Robotic Total Station was stolen from an intersection in Vista, CA. The following is a list of the equipment and Serial Numbers where applicable. Please refer any information that might aid in the recovery of our instrument and prosecution of this crime to the San Diego CO. Sheriff's Dept. or to me directly.

San Diego County Sheriff's Department
Vista Sheriff's Station
325 South Melrose Dr.
Vista, CA 92081
760-940-4551
Case # 04028158-V

- Instrument: Topcon GTS-802A Auto-tracking Total Station Ser.# QN0219. Tripod: Wild Herrbrugg GST-20 (Well used tripod with the words "Holiness, Formation, and Evangelization" written on the legs, and "L.S. 4456" engraved on the underside). Robotic Radio Modem: Satel 2ASxm2 Ser.#'s (Radio: 002817335 Interface: 00194082 Battery: 00244706). 12 Volt Remote Battery with small blue converter inside a Yellow "Pelican Case" weather-resistant plastic box.

- The Land Surveying community is a relatively small and special group. If we Surveyors and Service Professionals can come together, we can deter this kind of behavior and strengthen the profession at the same time! I sincerely thank you for your time and attention to this matter.

Jeremy "Jake" Kruger, L.S.I.T.

Thoughts about Robert Van Houten

Most of you have had the opportunity to work with Robert Van Houten. I have learned so much from him and respect him in every way. It has been a great honor and privilege to work with him. Recently, he passed away. We are all in disbelief and have a huge loss in our hearts.

Robert's wishes-

As we all know, Robert enjoyed coming to work. It was rewarding for him and he wanted the best for his family. He particularly looked forward to times with his young son, Mike (14). Robert continued to work so he could put Mike through a good school and later, on to college. To keep with Robert's wishes, a trust or account will be opened up for Mike's education. When I stated this to Linda she said, 'You really knew Robert' and then I heard tears. We did dearly know and loved Robert and we will never forget him.

In memory of Robert an account for the education of his young son, Michael has been set up. That is one of the reasons that Robert was still working. You may go into any Washington Mutual Bank and donate. The account is a Benevolent account for Michael R. VanHouten. The account number is 009400004757824. If you have any questions, please feel free to call me. Thanx again for all of your phone calls, emails and thoughts through this hard time. Thanx and smile for Robert – Annie

I only knew him by name, but Pat McMichael circulated the first email he received from Dan Hall throughout our office and most of the people in my department knew him and were saying what a great guy he was to work with. What a terrible thing - I'm so sorry for your loss. – Jennifer Brownlee

Many of you have worked with him at the City of San Diego. Robert was a real fine man and an excellent Surveyor. He will be missed. I worked with Robert - he was a real good guy - 62 years old. so sad. – Allan Wake

I just wanted send my condolences to all of you at the City. Robert was a good man and a real professional. We'll miss him. – Dave Viera

I want to thank the staff members who immediately came to Robert's aid, called paramedics, and stayed by his side: Dan Stricker, Floyd Jackson, Billy Church, Charles Feland, and security guard Luther Turmond. Your assistance is greatly appreciated, and I believe that Robert's family will be comforted knowing that he was with friends in his time of need. On behalf of the department, Gary Halbert and I have placed a vase of roses in the lobby to honor Robert. I want to recognize that all of us are grieving, from those who were honored to know him best, to those who knew him only in passing. His spirit will be remembered. We will miss him, life is just too darn short. –Tina Christiansen, Director and Gary Halbert, Assistant Director Development Service Dept., City of San Diego

I thought you may want to know that one of our team members who helped us w/the Veterans Village redevelopment project passed away Wednesday. I've included Robert's work group & others on this note so that they too know how important he was to this project & how much we appreciated his efforts.

Robert was a good friend to this project and a Navy veteran himself. He worked on a complicated and critical starting piece, which was to get the Parcel Map recorded to officially vacate Pacific Highway, consolidate numerous properties and set the stage for construction to begin and the transfer of land to take place. The map also was critical in order to secure a sizable portion of much needed funding for the project.

Robert was an excellent co-worker, very thorough, knowledgeable and highly accommodating to us while we all worked to push the project through it's process so that the VVSD project could begin to become a reality for troubled veterans. We could not have done this project without him - - while plans moved in and out, work piled up and schedules pushed in every way, Robert was always a kind and calm presence who took a few minutes of time he didn't really have to explain things, so we would understand how best to help ourselves to get an item solved and keep us on track (he was also nice enough to let me "cut in line" alot while we scrambled to get the map recorded!). He was a genuine pleasure to work with and he'll be missed him very much. – PJ

He has been an absolute god send for us and Vet's Village. - Warmest Regards, Cdr (Ret) Al Pavich, U.S. Navy, President and CEO Vietnam Veterans of San Diego.

Robert was an excellent person, an outstanding employee and a good friend to all of us who worked with him. He will be sorely missed. – Bob Didion, Deputy Director Development Service Dept., City of San Diego

Many of you have already heard about the sudden loss of our friend and co-worker Robert Van Houten yesterday, March 10. Robert was suffering from a heart condition and collapsed in the DSC lobby early yesterday morning. While several members of our staff did all they could to help him, he passed away in the hospital around 10 a.m. This is a great loss to all of us, and I want to offer my sincere condolences to Robert's family and all of his friends in the department.

Robert was a Land Surveying Assistant on the fifth floor in LDR, and had been with the department for six years. Prior to working for the City, he ran his own surveying business for many years and also worked as a surveyor for the City of Riverside.

Robert is fondly remembered as a very hardworking employee and kind person who always put others first and provided excellent customer service. He was very well respected by all who knew him, and always had a positive attitude. He lived a very full life with his wife Linda, daughters Jennifer and Anna, son Michael, and two grandchildren. He is also survived by his mother Nell and brother Ralph. Robert had a very strong faith and compassion for others. – Bruce Marquis

Robert's funeral held in Sun City was attended by family, many friends, fellow Surveyors and co-workers. It was good to see a large turn out of San Diego Surveyors who stood by to honor and remember Robert. Many touching thoughts were shared including heart felt words at the service by Anne Hoppe and Bruce Marquis.

Robert's Address: His wife's name is Linda. 32535 Murrieta Road, Menifee Valley, Ca. 92584

GOVERNOR ARNOLD SCHWARZENEGGER

PROCLAMATION

Land surveying has played an important role in our nation's history, providing for meaningful measurement of property and the orderly growth of society. Many notable Americans were surveyors, including George Washington, Thomas Jefferson, Daniel Boone and Abraham Lincoln.

During California's early years, surveys of the mountains and valleys apportioned properties and marked boundaries to guide the development of our state. This tradition continues today as California land surveyors locate, landmark, describe and map the land to authenticate boundaries and establish property rights. These professionals adhere to a strict code of ethics and practices, emphasizing service and the public interest while improving their methods by adopting new technologies.

During Land Surveyors Week, we recognize the rich history and important functions of land surveyors in California.

NOW, THEREFORE, I, ARNOLD SCHWARZENEGGER, Governor of the State of California, do hereby proclaim April 4-10, 2004, as "Land Surveyors Week."

IN WITNESS WHEREOF I have here unto set my hand and caused the Great Seal of the State of California to be affixed this 1st day of April 2004.

Handwritten signature of Arnold Schwarzenegger in black ink.

Arnold Schwarzenegger
GOVERNOR OF CALIFORNIA

Attest:

Handwritten signature of Kevin Shelley in black ink.

Kevin Shelley
SECRETARY OF STATE

These are pictures at Founder's Plaza of Horton and Morse.
They were the ones who laid out Horton's addition. The statues are at Balboa Park.

Office DEPOT®

What you need.
What you need to know.™

CLSA MEMBERSHIP

It Doesn't Cost; It Pays!

As members of the California Land Surveyors Association (CLSA) we are able to unite with our colleagues in the only organization that effectively represents our interests and those who choose to use our services.

The greatest benefit to be derived from membership is the opportunity to establish key relationships with others who are dedicated to the advancement of the surveying profession. Through CLSA you can participate in the exchange of new concepts and ideas. You can help to solve problems that may exist within the surveying profession. You can gain new knowledge and experience through contact with others. You can grow and develop, both personally and professionally.

Member Benefits

Annual Conference

Three days filled with educational workshops, technical sessions & exhibits.

CLSA Seminars

One-day seminars, held throughout the state, are designed to offer affordable, quality education.

California Surveyor

The voice of the California Surveyor, published quarterly.

CLSA Website

Provides members with a wide range of resources, including discussion forums, referral services and extensive networking resources.

CLSA Publications

Updated annually and available to members at a discounted price.

Representation

CLSA has an active legislative program, legislative advocate, and a liaison with the State Board for Professional Eng. & Land Surveyors.

Chapter Meetings

With 21 chapters statewide, chapter meetings are held monthly and feature guest speakers and informative programs.

Member Savings Programs

Office Depot

Save up to 70% on office supplies, furniture etc.

Quest - Travel Program

Save up to 50% on hotels, dining, car rentals, airfare and more.
