GENERAL MEETING – July 21, 2004

The July Meeting was held at the Bali Hai on Shelter Island. The Guest Speaker was Rita Lumos, Rita is with the National Council of Examiners for Engineering and Surveying. The topic of the meeting was NCEES "Model Law" and the ever-popular "calculator Issue". Rita presented a "well" prepared talk on how the Model Law is to be used in part or as a whole. The intent of the Model Law is to be used as a "guide" to promote uniformity between states. Rita gave a very informative talk on the history of the NCEES as well as the current state of the organization, licensing recommendations, and exam security.

Thanks to all who contributed raffle prizes, particularly Lewis and Lewis who donated the nice Compass and calculator.

**CHAPTER REPRESENTATIVES SUMMARY
OF THE JULY 24, 2004
STATE CLSA BOARD OF DIRECTORS MEETING**

- There was a standard presentation of State CLSA officer reports and the organization financial accounting. The State CLSA organization continues to operate in the black financially.
- There was motion to provide funding to assist the survey program at Cal Poly Pomona due to State budget cuts. The motion was for financial assistance for two years in which time the State budget cuts would be restored. The motion passed.
- There was a presentation by a representative of the Board of Registration about the 2004 L S exam. The pass rate was very similar to last year's results. The results will be available on their website very shortly. The Board is considering different proposals to increase the pass rate on the exam. Several ideas were discussed but nothing final has been decided.
- The Board is contemplating a split application for both NCEES and State testing. One advantage of this would be to offer the NCEES exam in both the both the fall and spring. No decision has been made.
- A Caltrans survey crew out of District 6 in Fresno has set a center of population monument at the Buttonwillow Rest Stop.
- Mike Butcher presented a summary of the Legislative Committee quarterly report. A number of minor edits have been proposed to various sections of the SMA, PRC and LSA. Potentially the most wide ranging and significant of this proposed legislation is known as SB1547. This legislation, which would go into effect on January 1, 2007, would require all new applicants to submit to a background check for criminal history, fingerprints and a report of any civil judgments of \$50,000 or more. It would also affect future license renewals for all Land Surveyors. A full report is available from the State CLSA office.
- 2005 CLSA / NALS / ACSM Conference will be in April 2005 in Las Vegas.
- 2006 is the 40th Anniversary of the CLSA and there was a motion passed to make the Conference for CLSA members only.

The next State CLSA Board of Directors meeting will be held October 30th in Sacramento.
